About Cyprus

A historic island with a storied past 10000 years long. With a tradition that originates from antiquity to the middle ages, from the Renaissance, all the way to the present. An island that basks all year round in the light of the warm Mediterranean sun, the same primitive sun that used to spread its rays on Aphrodite the Goddess of love whom according to mythology was born from the waves of the shores of Paphos.

Today Cyprus is a modern country that effortlessly combines European culture with ancient enchantment. Here you will discover a compact world of alluring beaches and fragrant mountain peaks, vineyards studded with olive trees and ancient ruins that stir the imagination, citrus groves and old stone villages.
